

1. Plug in and Power Up

Plug your Chromecast into your television and power it on.

2. Connect to the Internet

Connect your Chromecast to the internet.

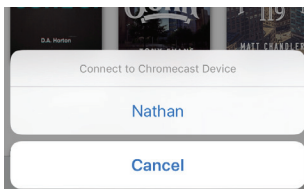

3. Login with your Google account

Login with your Google or Gmail username and password to start using your Chromecast. If you do not have a Google account, create a new one when prompted.

4. Cast from your Phone app

On your iPhone, iPad or Android device, look for this icon and click on it to connect to your Chromecast.

5. Choose your Chromecast

A dialog will appear prompting you to choose which Chromecast device you want to connect with. Tap on the name of your Chromecast and you're ready to go!
